

Mat Tussey Sells His Entire Crop at \$70.50

Unheard of Prices Continue to be Paid for Tobacco as Selling Continues At Home House Today.

Top prices for tobacco were paid at the Home Warehouse today when the selling shifted across the street this morning. Enthusiasm was unbounded when Mat Tussey sold his big crop for a total average of \$70.50. Mr. Luxon was all smiles and boasted as never before in his life, and the growers who have weeded on the banks of this popular house were enthusiastic to a point that knew no bounds. They see wealth undreamed of rolling in toward them from their feet as it sells over these breaks. All are delighted. Mr. Tussey's crop sold from 55 cents for the lowest to 80 cents a pound for the top grade, and he was delighted with the check that he received with the sale of the Home House on one corner. His crop sold by baskets as follows:

Democratic nomination for lieutenant governor. All agree that Col. Oldham is setting such a warm pace for the honor he seeks that it begins to look like he is not going to have opposition within his party. Both Lexington papers Sunday, in their political columns said it looks like he is to have a walk-over. The republican leader said:

It would appear that the democrats intend to let Gov. Stanley's friend, Col. Ronald C. Oldham, of Winchester have the nomination for lieutenant governor without opposition. Oldham has been "circulating" about the state and has received assurances of support in almost every county where the Stanley men are numerous. The eastern section of the state has not had a lieutenant governor for a long while and Oldham's friends are pushing his geographical as well as political claims. Personally he has always been a prohibitionist, but like Dr. Gatliff, of Williamsburg, he has refused to allow his dry tendencies to bring him into opposition or enmity to the governor.

The Herald said this of Col. Oldham Sunday:

Col. Ronald C. Oldham, of Winchester, seems likely to get away with the democratic nomination for lieutenant governor without opposition. The announcement of George C. Waggoner, the preacher-legislator from Scott county, for renomination for the House, moves the only possibility that had previously been discussed for that place. Waggoner, at the time of the legislature of 1918 was at least a receptive candidate for the place. After looking the ground over, he is said to have decided that it was too much of a job for him to canvass the entire state and that he could be of just as much if not more use to the state as well as his home county in the House than occupying a place as presiding officer of the Senate. The Kentucky papers have been very generous in their treatment of Col. Oldham's candidacy and he is said to be greatly gratified at the situation as regards his candidacy.

His many friends here will regret to know that Hon. Will H. Shanks, of Stanford, has gone to Louisville to be examined by a specialist.

OLDHAM LOOKS A SURE WINNER

Lexington Paper Says Former Madison Man Has Race Won For Lieutenant Governorship.

Col. Ronald C. Oldham came over from Winchester this morning for a short visit to his parents, Mr. and Mrs. W. D. Oldham, and to talk with local friends about his race for the

BRYAN'S PRINCIPLES IN LEAGUE OF NATIONS

Enlargement of Nebraska's Treaty Ideas Basis Being Worked Upon — Russian Question Up.

Paris, Jan. 20—The Supreme Council of the Peace Conference took up the Russian situation today, according to the official announcement. M. Noulens, the French Ambassador to Russia, who returned a few days ago from Archangel, addressed the meeting and gave particulars of the situation.

President Wilson and the Prime Ministers of the allied countries with the Japanese ambassador attended the meeting. The next meeting will take place tomorrow.

Meanwhile preliminary conversations over the structure of the league of nations, took place last night between President Wilson and the British and French representatives. The question is not yet technically before the Peace Congress but indications are that a somewhat detailed program will soon be solved with the general plan being most talked about being that embodied in enlargement of the principles contained in the treaties negotiated by William Jennings Bryan, former American Secretary of State.

Discussion is now apparently passing the point where it seems to be agreed there will be no super-sovereignty, nor a common police force, and that the question whether a nation shall contribute a force in carrying out decisions of the league will be left to each nation individually in each instance.

French Senate Gives Luncheon To Wilson

Paris, Jan. 20—President Wilson was the guest of the French Senate at a luncheon today. He was greeted by President Antonin Dubost, who made an eulogistic address in which he said the Senate welcomed the President and his ideas. "From your first step in France and since your entry into Paris, the French people have spontaneously given their hearts to you and they perceived at once in your frank smile and in your loyal and open physiognomy that you, too, are spontaneously giving yourself to them," said the speaker.

Flu Situation Much Better

With only 30 new cases reported during last week, the flu situation is greatly improved in Richmond, according to Assistant Health Officer Dave Powers. Dr. J. L. Whittenberg, State Board Health representative, has left for a time but will be back in Richmond this week, it is expected, and it is expected that strict quarantine regulations will be lifted to some extent upon his return.

Out in the county, some sections still report a large number of cases, though conditions generally in the county are said to be considerably improved.

POLICE AND GUNS AT BERLIN ELECTION

Huns Choosing Their "Congressmen" With Soldiers At Polls But "Heelers" Are On the Job.

Berlin, Sunday, Jan. 19—With machine gun companies stationed within 100 feet of each polling place, strong military and police patrols on guard, and seven divisions of troops at the disposal of the government, the citizens of Berlin today cast their votes for members of the National Assembly. Meanwhile the fronts of houses were plastered with election posters by campaign workers in the morning who also industriously circulated hand bills, leaflets and dodgers. The spectacle was wholly new to Berlin, where hand bill and poster privileges had previously been severely restricted by the police.

Voters everywhere turned out to the polling places early. A Socialist estimate gave the majority socialist party in Berlin 40 to 50 per cent of the vote; the independent socialists, five, the Centrists 30 and the German democrats 15 to 20 per cent. The few districts already counted, however, show the German democrats only a thousand behind the majority socialist. It surprised the politicians who considered Berlin overwhelmingly socialist.

The Spartacists were repulsed everywhere.

Raided Crap Game Sunday

A pleasant little crap game was rudely interrupted Sunday morning very early, by Patrolman Will Maupin when he saw suspicious signs at the home of Rufus Warren, colored. In police court this morning Ben Trent, Garfield Tevis, William Palmer and Speed Terrill were given \$25 and costs and Lee White, who pled guilty, was given only \$20 and costs.

Reds After Ballot Boxes

London, Jan. 20—Bulletin—Rioting occurred in Berlin last night after the Spartacists attempted to destroy the ballot boxes used in Sunday's election, according to a Copenhagen dispatch.

PAULINE FREDERICK AGAIN

If your sweetheart proved false to you and while professing to love you made love to another, would you poison him? This is the problem which Dolores, a Creole girl, the character portrayed by beautiful Pauline Frederick, in "A Daughter of the South," which will shown at the local theatres today, is called upon to solve. Dolores is a self-willed young beauty, with strong American ideals, who rebels against being sold to a wealthy suitor for whom she has little, or any affection. When she meets a novelist while praying in church, she looks upon him as the answer to her prayers and instantly showers upon him the wealth of her love. But this chap is erratic to say the least, and when Dolores discovers that he is betrothed to another, her hot Latin blood prompts her to resort to poison as the only means of revenging herself upon him for his perfidy. But it happens that a kind of fate intervenes, but how, the picture itself shows best.

OIL PROMOTERS OPEN OFFICE HERE

Two Companies Now Have Headquarters in Richmond—Well Struck At 40 Feet in Lincoln

Richmond is now becoming real headquarters for a lot of oil men, and if a big flow is struck in the southern end of the county where drilling is soon to start near Berea, this city will become a real oil metropolis.

Headquarters for two companies have now been established in Richmond for two companies and stock salesmen are in town most of the time. The latest company to come to town is the Co-operative Land and Development Company, which has taken offices in the Oldham Building, with W. N. Fitchett in charge. The home office is at Paris. This company has valuable holdings on Big Sinking in Lee county, according to Mr. Fitchett, and Saturday had a good well come in on its property. Mr. Fitchett will be charge of a stock selling campaign here, it is understood.

The Domestic Oil and Gas Company which has extensive leases in the Berea section, and plans to go to the deep sand for oil, has opened offices in the McKee Building, with President T. J. Diamond in charge.

Considerable interest among oil men has aroused over the striking of a 10 barrel a day well, three miles south of Stanford, in Lincoln county, at a depth of only 40 feet. The Interior Journal said of it:

The Bald Hill Oil & Gas Company, composed of Lee Deekel, C. H. Adams and D. P. Weeks, struck a flow of oil in a well they were drilling on the Hutchison place at Hales Well, Thursday morning, and it is believed that it is fully a ten barreler. The much sought after fluid was struck at a depth of 40 feet and four feet of oil sand have been encountered. The drilling will continue to a greater depth. Mr. Adams is a Crab Orchard citizen, while the other gentlemen are experienced oil men from Tampa, Florida. They are certain they have a good paying well.

Good Woman Goes to Reward

Mrs. Keturah Elizabeth Moores, 74 years old, widow of Joseph Moores, residing on the Harrodsburg pike, died at the St. Joseph's hospital Friday morning at 4:30 o'clock, following an illness of one week. Death was due to pneumonia. Mrs. Moores is survived by three daughter and seven sons. They are Mrs. J. A. Todd, of Richmond; Mrs. Milton Baker, of Fayette county; Mrs. D. P. Farney, of Lexington; James A. Moores, of Richmond; Harry, Marshall, Joseph and Robert Moores, of Fayette county; Reuben Moores, of Nelson county; and Shelby Moores, now with the American forces in France. Mrs. Moores was a woman of fine character, devoted to her home and family, and highly esteemed by all who knew her. Owing to several of her sons being ill with influenza, the body was taken to the home of Mrs. Harry Jones, 189 North Hanover avenue, where it will remain until the time of the funeral, which will be held at the grave in the Lexington cemetery Saturday afternoon at 2 o'clock Rev. E. E. Snoddy, assisted by Rev. E. P. Edmunds, officiating. Interment will follow in the Lexington Cemetery—Lexington Herald.

Red Cross Notes

The Madison County Chapter has definitely decided to accept a second quota of refugee garments to be finished by February 23. The workers have reported finely to the appeal of the special chairman, Mrs. Harvey Chenault, but the garments are not all placed. Every woman who can sew, is urged to come and have a share in this last quota. Remember that these helpless people have no material and no means of making it even if they had the goods. They must go cold unless we clothe them. Donations—Mr. Fountain Rice \$15; Miss Belle H. Bennett, \$4; Mrs. S. M. Sautley, load of kindling.

MISTAKE IN DOG TAX.

In publishing a letter from the State Department of Agriculture to Sheriff Whitlock Saturday, a slight mistake was made in the license tax on female dogs. Some confusion has been caused by the erroneous figures which were given Saturday.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

Home Saved By Roofing

There was just one oasis of safety in the Moose Lake and Cloquet, Minn. district when those towns were completely wiped out by fire recently—one house that is standing today although sixteen homes in the immediate vicinity were burned to the ground.

This home, which resisted the sparks and burning embers with which the air was filled, was roofed with Certain-teed Asphalt Shingles. The owner, Mr. Louis Largon, says that he owes the preservation of his home to the Asphalt Shingles, because of the fact that practically 75 per cent of the Moose Lake houses were burned after the fire started on the roof. He is naturally rather proud of his choice of a roof and is recommending the same materials to his neighbors.

Instances multiply everywhere daily, which show that old fashioned wood shingles are not only non-resistant in cases of general conflagration, but are a constant source of danger, as, in addition to taking fire quickly they rapidly spread burning brands throughout the whole neighborhood.

For this reason prepared roofing and shingles are everywhere being adopted in place of other types of roof. Prepared roofings have long been known to offer effective resistance to fire, smothering fires which occur under them and eliminating the danger from flaming brands. They are also the most economical and convenient material for roofing, being easy to lay, low in cost, compact in bulk and very durable.

The government recognized these facts by choosing vast quantities of prepared roofing for its great war construction program. All the big cantonments were roofed with it. According to some authorities, had it not been for the availability of this type of roof and its economy and convenience, the government would have been seriously handicapped in the wonderful building record made.

The red and green surfaced shingles have also been found to blend perfectly with every type of building material and are very desirable from an artistic point of view. In any form prepared roofing is the accepted modern material for roofing purposes. It

To Members of our Christmas Savings Club

For the New Year we have decided to discontinue the Christmas Savings Club to substitute in place thereof "The Liberty Bond Club," which will be conducted on almost the same plan as the Christmas Savings Club, the only difference being amount of payments, which are as follows:

The Club will run for 50 weeks and the payment will be \$1 per week or \$2 per week. On the completion of the payment of the cards the holder thereof will be entitled to a \$50 Liberty Bond or a \$100 Liberty Bond, plus the last coupon maturing.

This will be making your deposit bear interest, instead of running without.

We shall be very glad to see your name on our list as a member of this Club.
